

**TARN-X JEWELRY CLEANER
MATERIAL SAFETY DATA SHEET**

This Material Safety Data Sheet is being provided to your company for the purpose of providing current health and safety information to your management and employees who work or may be exposed to this product. Please read the data provided and then provide it to those people at your company who have the responsibility to insure compliance with both Federal and State Right to Know regulations, and to those employees that request information on this product. The reader should consider consulting reference works or individuals who are experts in ventilation, toxicology and fire protection as necessary and/or appropriate to use and understand the data contained in this MSDS.

Federal Regulations: Parts 29 & 42 Code of Federal Regulations
State of Illinois: Public Act 83-240

SECTION 1 - PRODUCT IDENTIFICATION

Manufacturer: Jelmar
Address: 5550 W. Touhy Ave.
Skokie, IL 60077

Emergency Phone Number: (847) 675-8400
Emergency Contact: Chemtrec (800) 424-9300

Chemical Name: Aqueous Mixture
Chemical Family: N/A
Formula: N/A
Common Name: Jewelry Cleaner
Hazard Classification: Non-hazardous
DOT Classification: Not regulated

NFPA Rating: Health: 1
Flammability: 1
Reactivity: 0

SECTION 2 - COMPOSITION INFORMATION

Components	CAS#	PEL/TLV	Percentage
1. Deionized Water	7732-18-5	NE	80 - 83
2. Disodium Cocoamph odipropionate	68604-71-7	NE	3 - 5
3. Gluconic Acid	526-95-4	NE	2 - 4
4. Ethylene Glycol Butyl Ether	111-76-2	20ppm TLV	1 - 3

This product is a mixture for which no health hazard data exist. The hazard communication standard requires that such mixtures be assumed to present the same health hazard as do the components that constitute at least 1% of the mixture (0.1% for carcinogens) although OSHA has noted that the hazards of the individual components may be altered by including them in a mixture. Components of this product that are listed are present in quantities as defined in OSHA 29 CFR 1910.1200

REGULATORY INFORMATION

FEDERAL/NATIONAL:

This product contains the following toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right To Know Act of 1986, as amended, and of 40 CFR 372 (for SARA 313): Glycol Ethers

CERCLA requires notification of the National Response Center of release of quantities of hazardous substances equal to or greater than the reportable quantities (RQ's) in 40 CFR 302.4. Components present in this product which would require reporting under this statute are: None

MATERIAL SAFETY DATA SHEET**

EMERGENCY FIRST AID PROCEDURES:

Eye Contact: Immediately flush eyes with water for at least 15 minutes holding eyelids apart. Get medical attention

if irritation persists.

Skin Contact: Wash skin with plenty of soap and water for several minutes. If irritation develops get medical attention. Wash clothing before reuse.

Inhalation: If irritation, headache, nausea or drowsiness occurs remove to fresh air. Get medical attention if breathing becomes difficult or respiratory irritation persists.

Ingestion: If patient is conscious and can swallow give two glasses of water and do not induce vomiting. If patient is unconscious do not give anything by mouth-contact medical personnel immediately.

Medical Conditions Aggravated by Exposure: None Known

SECTION 6 - REACTIVITY DATA

Stability: Stable
Incompatibility: Strong bases and oxidizing agents.
Hazardous Decomposition Products: Oxides of carbon
Hazardous Polymerization: Will not occur

SECTION 7 - SPILL OR LEAK PROCEDURES

Steps to be taken in case material is released or spilled:

No special clean up is necessary for small (less than 1 gallon) spills. For larger spills, dam the spill and adsorb material with earth, sand or similar inert material. Place adsorbed material in suitable container and discard solid waste in accordance with federal, state and local regulations. After removal of the contaminated adsorbent flush spill area with water.

SECTION 8 - SPECIAL PROTECTION

Respiratory Protection: Not required during normal usage.

Ventilation: General room ventilation is normally adequate.

Protective Gloves: Not required during normal usage however, use plastic or rubber gloves if product is used where rinse water is not readily available and/or prolonged use is anticipated.

Other Protective Equipment: None required during normal usage.

SECTION 9 - SPECIAL PRECAUTIONS OR COMMENTS

Precautions to be taken when handling & storing: Avoid exposure to excessive heat and prevent from freezing.

Other Precautions: None Required
