ISSUED 7-1-98

SECTION I - PRODUCT INFORMATION

Product Name: AIR SCENTS AIR FRESHENER (EUCALYPTUS)

<u>HAZARDOUS COMPONENT</u>	<u>PERCENTAGE</u>	<u>CASE NO</u>	<u>OSHA PEL</u>	<u>ACGIH TLV</u>	<u>HAZARD</u>
Alkoxylated Linear	10-15%	69013189	1987 OSHA	1987/88 ACGIH	
Isopropyl Alcohol	0-10%	67-61-0	100-500 PPM		
Fragrance compound	5-20%	Mixture			Not Determined

SECTION II - PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Point *N/A	Vapor Pressure: *N/A
Melting Point *N/A	Vapor Density (air=1): <1
Specific Gravity: *N/A	Percent volatile Organic Compounds:
Solubility 100% in water	Evaporation Rate (Ethyl Acetate = 1): N/A
Appearance & Odor: Clear, colored liquid with a <u>CAMPHOR OR MINT</u> odor.	

SECTION III - FIRE AND EXPLOSION HAZARDS

Flash Point: 133 ° Flammable Limits *N/A
 Extinguishing Media: Carbon dioxide, dry chemical, fog, water spray
 Special fire fighting procedures: Use self-contained breathing apparatus. Water should be used to keep fire-exposed containers cool. If a leak or spill has not ignited, use water spray to disperse vapors. Flush spills away from exposures and to dilute spills to non flammable mixtures. (NFPA - 49 - 975).
 Unusual fire and Explosion Hazards: Heat of fire can cause decomposition and evolution of irritant vapors that may rupture closed containers.

*N/A - NOT APPLICABLE OR NO INFORMATION CURRENTLY AVAILABLE

SECTION IV - REACTIVITY DATA

Stability: Product is stable

Hazardous Decomposition or by-products: Incomplete combustion may yield carbon monoxide or other toxic gases.

Conditions to Avoid: Heat or open flame

Hazardous Polymerization: Will not occur.

Incompatibility (Materials to Avoid): Contact with acetyl chloride and wide range of oxidizing agents may react violently.

SECTION V - HEALTH HAZARD DATA

Routes of Entry: Inhalation, Skin and ingestion possible.

Health Hazards (acute and Chronic):

Eyes: May cause irritation.

Skin: Prolonged or repeated contact may cause irritation or defatting of skin.

Ingestion: May cause vomiting, nausea, diarrhea or depression of the central nervous system.

Inhalation: Excessive exposure may cause headache, drowsiness or inability to concentrate.
Irritation of the throat.

Medical Condition Generally Aggravated by exposure: None Known.

Emergency and First Aid Procedures:

Inhalation: Remove from the exposure to fresh air. Contact a Physician as necessary.

Eye Contact: Flush immediately with clean water for at least 15 minutes

Skin Contact: Remove any contaminated clothing or shoes. Wash affected areas thoroughly with soap and water.

Ingestion: Give water to dilute. Never give anything by mouth if victim is unconscious.
GET MEDICAL ATTENTION.

SECTION V - CONTINUED

Eye contact: Flush immediately with clean water for at least 15 minutes. Contact a physician if irritation persists.

Skin contact: Remove any contaminated clothing or shoes. Wash affected areas thoroughly with soap and water. If irritation persists, contact a physician.

Ingestion: Give water to dilute. Contact a physician immediately.

SECTION VI PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to be taken if Material is Released or Spilled: Eliminate all ignition sources. Ventilate area. Contain spill and recover free product.

Waste Disposal Methods: Place material and absorbent into sealed containers and dispose in accordance with current applicable laws and regulations.

Handling and Storage Precautions: Store in a cool, dry ventilated area away from any heat sources. Keep containers tightly closed and upright when not in use.

Other Precautions: Good manufacturing practices dictate that an eyewash fountain and an emergency shower should be available in the work area.

SECTION VII CONTROL MEASURE

Respiratory Protection: None generally required. If desired, wear NIOSH approved respirator.

VENTILATION: Local exhaust meeting ACGIH criteria as needed to control dust/vapor.

PROTECTION GLOVES: use chemical resistant gloves as needed to avoid prolonged or repeated contact.

EYE PROTECTION: Use goggles or face shield when eye contact might occur.

WORK/HYGIENE PRACTICES: Avoid inhalation and contact with skin and eyes.

Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period.

DISCLAIMER

The information in this MSDS was obtained from current and reliable sources. However, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Under the conditions for use, handling, storage and disposal of this product are beyond ROGERS CONSUMER PRODUCTS, control, it is the user's responsibility both to determine safe conditions for use of this product and to assume liability for loss, injury, damage, or expense arising out of the product's improper use. No warranty, express or implied, regarding the product described herein shall be created by or inferred from any statement or omission in this MSDS. Various government agencies (e.g. DOT, EPA, FIFRA) have issued specific regulations concerning the transportation, handling, storage, use or disposal of these materials to ensure full compliance.
